Note for Ed

Subject: Economic Indicators

You might wish to raise with the Director at the Morning Meeting our intentions regarding dissemination of the Economic Indicators to members of Congress and their Staffs.

We will start disseminating them with this week's issuance. The dissemination will be made through the Office of the Legislative Counsel. Initially we will send one or two copies to the Chairman of some 10 Committees (5 Senate, 4 House, and the Joint Economic Committee). A draft of the initial transmittal note is attached. In it we called the Economic Indicators to the attention of the Committee Chairman and tell him that if they would be useful to him and members of his Committee and Staff that we would be pleased to provide them on a weekly basis. The Committees are:

Senate

Foreign Agricultural Policy Subcommittee  
Banking, Housing and Urban Affairs  
Commerce  
Finance  
Foreign Relations
